Electrical Engineering Department

The study and work in this department cover all the modern applications of electricity. The course is so condensed and divested of superfluities as to bring it within the time limit and means of the average young man who has to make his own way in the world.

Each student has to manufacture in the workshop a large proportion of the apparatus.

The department is thoroughly equipped with Dynamos, Motors, Measuring Instruments, Wiring Appliances, Wheatstone Bridges, Telegraphic Instruments and Appliances, Electro-Medical Apparatus, Galvanic and Storage Batteries of all kinds, Fluoroscopes, X-Ray closet and a large Laboratory.

Civil and Mining Engineering

This department has been established to meet the demand for thorough instruction in mining and surveying that will be shorter than the university course of four years. The plan adopted therefore, is to *specialize*, so that those who wish can take up one subject only or as many as may be deemed advisable. Six months devoted exclusively to mining engineering will give the average student a full *practical* knowledge of the subject.

Any course or group of studies may be selected.

The CIVIL ENGINEERING COURSE includes:—Geometry, Trigonometry, Draughting, Strength of Materials, Surveying, etc.

The MINING ENGINEERING COURSE includes:—Assaying, Blowpipe Analysis, Mill Construction, Milling, Mining, Geology, Mineralogy, Economic Geology, Surveying.

The METALLURGICAL COURSE includes:—Chemistry, Assaying, Metallurgy, Calorifics.

Night School

To accommodate a large class of patrons who are unable to attend the day sessions, evening classes are conducted in the different departments the entire year. All the facilities and advantages of the day sessions are provided for these classes; the same studies, the same methods, the same practical work. The instruction is individual and every attention is given to those whose education has been neglected. The terms are reasonable. The NIGHT COURSE includes:—Shorthand, Typewriting, Telegraphy, Single and Double Entry Bookkeeping, Commercial Arithmetic, Business Penmanship, Mercantile Law, Business Correspondence, English Branches, Mechanical Drawing, Spanish, and everything pertaining to a business education.

Business Houses needing Bookkeepers, Stenographers, Typewriters, Cashiers, Clerks, Foreign Correspondents, Telegraphers, Electricians, or Clerical Labor of any kind, can be immediately supplied by telephoning

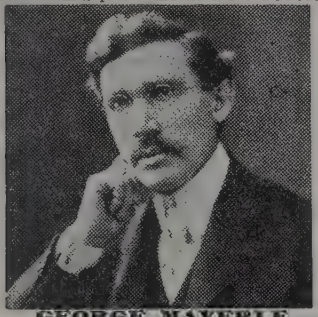
A WARNING
TO THE PUBLIC

MR. GEORGE MAYERLE, the German Expert Optician, who has been established at **1071 MARKET STREET** nearly five years, is in no way connected with a party who opened next door to him, calling themselves "Mayerle & Co." **Remember, GEORGE MAYERLE has not moved. He is still at 1071 MARKET ST.**

A CROWN on every window indicates **GEORGE MAYERLE'S** place. **ENTRANCE 1071.**



GEORGE MAYERLE
The German Expert Optician
1071 MARKET STREET

From Rev. Father Augustine McClory

It gives me much pleasure to recommend to the public Mr. George Mayerle of 1071 Market street, San Francisco, strictly as a skillful and expert optician. My sight began to fail in 1877, twenty-five years ago, and since that time I have been wearing glasses. I consulted a prominent optician in Chicago, Dr. Holmes. At different times since that I have had lenses fitted on in St. Louis, Cleveland, Ohio, and also tried the Fifth-avenue opticians in Pittsburg, who claim to be among the best in their line in the country. I do not hesitate to say that I have met with better and more satisfactory results with MR. GEORGE MAYERLE than with any of the above named, who have much higher pretensions.

Respectfully,
FATHER AUGUSTINE McCLORY, O. F. M.
St. Boniface's Church, 115 Golden Gate ave., San Francisco.

ADMIRAL GEORGE DEWEY,

Who used George Mayerle's glasses during the Spanish-American war, and is still using them with much satisfaction, highly recommends Mr. George Mayerle, and sends the following testimonial:

Mr. George Mayerle, German Expert Optician, 1071 Market st., S. F.—My Dear Sir: I am still using with much satisfaction the glasses you sent me at Manila; also, the new ones suit my eyes perfectly.

Yours very truly,
GEORGE DEWEY.

OFFICE CHIEF OF POLICE.

It gives me much pleasure to recommend to the public Mr. GEORGE Mayerle of San Francisco. I have been using glasses for the past four years, and during that time have consulted several opticians, but not until I consulted Mr. GEORGE Mayerle and had him fit glasses to my eyes did I get entire satisfaction. Most respectfully,

J. H. ANDERSON,
Sergeant of Police, San Francisco.

NOTICE!

When wishing to consult **MR. MAYERLE, INSIST** upon seeing **GEORGE MAYERLE PERSONALLY.** To avoid mistakes, look for the **full name, GEORGE MAYERLE,** and the crown on every window, also the number,

1071 Market St.

NO GLASSES leave GEORGE MAYERLE'S Optical Institute unless ABSOLUTELY CORRECT.
